QUATERNARY RESEARCH

An Interdisciplinary Journal

EDITOR:
Stephen C. Porter

CO-EDITOR:
Joe S. Creager

Volume 7, 1977

ACADEMIC PRESS
New York and London

Please Note: All figures are to be submitted in such form as to permit photographic reproduction without retouching or redrawing, including the lettering. Lettering is reproduced as part of the photoengraving and is not set in type. Line drawings should be carefully drafted with black India ink on white drawing paper or blue drafting cloth, if possible no larger than 22- × 28-cm (8.5- × 11-in.) overall. The lettering should be large enough to allow a 50% reduction. High-quality glossy prints are acceptable for drawings and required for photographs. Color plates or fold-out illustrations cannot be accommodated unless financed by the author.

References. References should be cited in the text by author's surname and date such as "Doe (1970) reported that . . ." ". . . as previously reported (Doe *et al.*, 1970)." Suffixes (a, b, etc.) should be used to distinguish two or more works by the same author(s) in the same year; *e.g.*, Doe (1971a, 1971b). *Page numbers should be given whenever practicable*. A direct quotation should always be page referenced; a paraphrased statement should be page referenced if the article exceeds 10 pages. The reference section should be arranged alphabetically according to the author's surname. Order of items: author(s), date of publication, title of article, journal or book title (written out in full rather than abbreviated), volume number, inclusive pages, and (for books only) publisher and city, e.g.:

Zin, S. (1971a). The problem of Quaternary climatic changes. *Quaternary Research* 1, 1–10.

Falk, B., and Li M. (1972). "The Cause of Quaternary Climatic Changes." Vol. 1. Academic Press, New York.

Cohen, R. (1967). The equatorial ionosphere. *In* "Physics of Geomagnetic Phenomena." (S. Matsushita and W. H. Campbell, Eds.), Vol. 1, pp. 561–613. Academic Press, New York

Author's alterations in excess of 10% of the cost of composition will be charged to the author.

Reprints. 50 reprints of each article will be supplied free of charge. Additional reprints can be ordered on the form accompanying galley proof.
